May 20, 2020 I have played and completed this game and am satisfied with it. It's a Wargame game that anyone can really enjoy. The graphics are stunning. It's a game you can play solo or in 2 or 3 person sessions, and the plot is very engaging and keeps you gaming. The ability to continue after a death is a big plus, so the game is playable over hours and days. If you're looking for a real time strategy game, and you want to solo or team up and compete in the World Battle Championship, it's just the game for you. I cannot recommend it enough. Good Game. 10/10. B+ . Wargame AirLand Battle. The game is absolutely stunning. It's a true graphical achievement. While some people complained about the art style, I didn't find it to be an issue. It was also interesting to see the civilian enemy forces more in this game than in UE, which is a plus. I also didn't find the AI to be as good as UE's, but still playable. I did find it a little difficult at times with the quick-fire weapons in Multiplayer. I thought the unique weapons like the Mutt and the Spider were a bit buggy and didn't really work. Multiplayer is definitely the most fun. Overall, I recommend this game to anyone who enjoys real-time strategy games. It's one of the best I've played so far in the genre. A+ . Wargame AirLand Battle. The game is stunning visually. While there is not an awful amount of choices for unit types and variants, it certainly makes up for it in looks. The game's storyline and setting is original enough to keep me on my toes, but not so original as to drive me out of the game. However, for a strategy game such as this, it is less about having a story that I think was missed. In short, Wargame AirLand Battle is a fun game that you should try if you haven't already. If you have played Wargame European Escalation or any of the other games in the Wargame series, you know what you are getting yourself into with this game. If you haven't played a Wargame game, you're definitely missing out on a solid. 9/10 . Wargame AirLand Battle Languages 28 April 19, 2020 Wargame: AirLand Battle. It's a good game. But it has a little too

Jun 5, 2019 Jun 5, 2019 @ 3:13pm. Hi. I don't have any ideas. 1 games english and polish. Then i tell to the game that it should switch to polish and then i get game crashing! 1 games english and polish. Then i tell to the game that it should switch to polish and then i get game crashing! May 28, 2013 May 28, 2013 @ 2:49am. support one language? ENGLISH? Why in the game only the English language? STEAM is written that there is support . THE HARD GAMES PROJECT PAGE CAN YOU UPDATE THE DESCRIPTION?: THE HARD GAMES PROJECT PAGE CAN YOU UPDATE THE DESCRIPTION?: Apr 29, 2019 Apr 29, 2019 @ 5:54pm. But if you look at Steamdb, you can see that this game was never released for Linux. So it was never supported on Linux. On the other hand, War Thunder is fully compatible with Linux. So if it was released on Steam, it should be available to download on Linux. So if it was released on Steam, it should be available to download on Linux. Jun 5, 2019 Jun 5, 2019 @ 3:13pm. Hi.
